M. S. A. D. #44 Superintendent's Newsletter

Dr. Wayne F. Gersen

In the next six weeks, the Board of Directors of S.A.D. 44, the public in S.A.D. 44 and the State of Education will make a series of decisions that will determine if the public in S.A.D. 44 will have an opportunity to hold a referendum on the replacement of Woodstock Elementary School with a new, energy efficient school building.

The first issue, which requires action by both the local Board and State Board, is the approval of a site for the new school. At this point the S.A.D. 44 Board has secured an option on a seven to eight acre property lot on Rumford Avenue, Woodstock, owned by Cleo Kerns. With dry, flat land at a premium in the Bryant Pond area, this site represents the best option available to the district for the construction of a new elementary school. Located a mile from Route 26, the site has sufficient land to provide for a 15,000 square foot school building, parking and play areas. At their meeting on June 7, the Board of Directors of S.A.D. 44 will officially approve the selection of this site, and then, on Wednesday, June 9, the State Board will take action on the site. Following these site approvals, S.A.D. 44 will conduct a public hearing on the architect's concept development for the new Woodstock School. At these hearings, which are tentatively scheduled for the week of June 21, Phil Rea, Architect for S.A.D. 44, will pre- continued on Page Four

Voting in Primary Election at
Fire Station, Tuesday, June 8

Next Tuesday, June 8, is Primary Election Day. The polls will be open at the Bethel Fire Station from 10 a. m. until 8 p. m. The Registrar of Voters will be at the polling place all day to accept new registrations and enrollments and to correct the list of voters. Only registered and enrolled voters may vote in any Primary Election. Registered voters who are not enrolled in the Democratic or Republican parties may enroll with the Registrar on Election Day at the polling place. Voters who are presently enrolled in a party may switch parties at any time, but switching parties less than three months prior to a Primary Election forfeits the voter's right to cast a ballot in that Primary Election. (See specimen ballots, Page Three.)

The Maine Wastewater Control Association has designated this week as Clean Water Week and urges residents to visit their local wastewater facility to learn more about the treatment process and to tour the plant. Bethel's Treatment Plant will be open for tours the week of June 7 through 11, from 8 a. m. to 3:30 p. m. Plant Supervisor David Bartlett will be available to show people around and answer questions. While touring, ask to see David's experimental vegetable garden that uses

NEW PLAYGROUND EQUIPMENT AT WEST BETHEL CHILDREN'S CENTER

Al Saunders, talented carpenter and stone mason from Bryant Pond recently completed construction on sturdy innovative equipment designed for young children at the West Bethel Children's Center.

Al built a suspension bridge with swings, a climb and play house, a two level balance beam, climbing posts, three swings for the cedar post set, a see-saw, a tire swing, a tire tunnel, and he banked up the sandbox with railroad ties, and built a porch with grade for the side door entrance. Children are thoroughly enjoying the new equipment, which weather permitting gets a lot of use each day.

Playground planning, construction has been in the works for the past two years. Thank yous go out to all who made it possible. Donations were received from Western Maine Supply Co., Bethel Furni-

ture Stock, Ray Pinette, George Crockett, Chris Larson, Al Lovejoy, Leroy Patten, and the Parent Groups from '80-'81 and '81-'82 years.

Thanks also to the efforts of the hard-working staff: Tyrene Lovejoy, Joyce Crockett, and Lorraine Redman-Hall.

Children's Center hopes to keep

all the equipment in good condition for many years to come for the Head Start and Day Care children.

The Center is limiting the use of the equipment to children who are enrolled in their programs. Due to damage done on the playground by older children last year and this spring the Center has had to make the decision to limit use. It is impossible for the staff to supervise the playground after school hours so they ask neighborhood parents and adults who use the softball field this summer to please take note of the new policy. The Center children will appreciate your cooperation!

Tuesday, June 8 (rain date June 10). There will be two performances, 8:30 - 10:00 and 12:00 - 1:00. Everyone is invited to come and watch this spectacular event. Everyone at EBS is busy preparing for "circus day."

On Tuesday, May 26, the first and second grades went to the Children's Museum in Portland. They had a wonderful time. Many parents helped and it was appreciated.

The same day the Kindergarteners attended school the whole day. They had breakfast of scrambled eggs, blueberry muffins and hot chocolate. The children were divided into three groups. There were three activities: Mrs. Gallant showed a Winnie-the-Pooh movie; Miss Andre did outdoor activities and names; and Mrs. Kathy Bennett made puppets. The children rotated activities. The children enjoyed a hot dog barbecue at noon. Many parents helped make this a very successful day.

— Eveline B. Vatcher, Corres. —

This is a gloomy, dreary day as I jot down a few items, but there is very much traffic on the road, including boats, trailers and whatever. Me, I am waiting for three loaves of bread to come from the oven so I can sneak a snack.

Our animal family has increased immensely in the past three days. We have 11 ducklings and 12 chickens. The mother duck took her babies to the swimming pool the first day and they survived. Should have some good eating this fall. Thursday as we were having a snack, Joe Vatcher spied a rabbit in our driveway nearly up to the house. It was brownish so it did not need a second look to be sure what it was. The dogs would have liked it.

Mr. and Mrs. Joe Reidy of Tyngsboro, Mass., were at their trailer for the long week end. Several members of their family were with them. When they come it always rains or tries to rain, so they need a fire inside.

Joe and Eveline went to Massachusetts to visit Joe's mother, Mrs. Fannie Vatcher, and we took her to the Twin Oaks nursing home in Gloucester, Mass., to visit her sister and we bought her a fresh supply of yarn for making the poodles. We also called on other relatives and returned home Monday night. It rained all day, even when we were at the cemetery. We didn't melt.

Callers at Lawrences: Mr. and Mrs. Bud Record, Milton Iman, Ellen Coffin of Norway, Jeffrey Coffin, Mr. and Mrs. Joe Vatcher, Mr. and Mrs. Herman Card, Mr. and Mrs. Joe Kalinowski.

Mr. and Mrs. Norman Abbott and Mrs. Harriet Phillips, Mexico, called on the Vatchers Wednesday noon. The Abbotts had been to Norway to select a trailer home. Norman smelled the new yeast bread and Joe sliced him a big thick slab with lots of butter, he said it was just what he needed to last him till supper time. He went to work at 3 p.m.

Robert Anderson Sr., David Anderson and Robert Lambert all from Massachusetts came Thursday afternoon to the Anderson's trailer and Patricia Anderson and her sister Evelyn Lambert came

Grade 1, third prize in the grades one through six division. In the grades seven through 12 division Robin Gallagher, Gould Academy, won first prize, with Todd Hartnett, Gould Academy, second prize and David Kersey, grade seven, third prize.

Mrs. Mary Isham of Albany was selected to receive the 1982 Faye Taylor Memorial Landscape Award of \$50 provided by the Bethel Savings Bank and a generous donation to the Bethel Historical Society.

Judges for the event were James B. Owen, Audrey Taylor and Alice Johnson.

Kent G. Taylor of Westbrook, Director of Development at Westbrook College in Portland and son of Faye Taylor, was present with his family to open the exhibit with four of his mother's paintings that had not been exhibited in previous shows.

On Sunday, the 193rd birthday of Dr. Moses Mason was commemorated with a birthday party hosted by the members of the Bethel Historical Society's Museum Committee and featuring Mr. and Mrs. Ernest Perkins as the Doctor and his wife Agnes. Also featured during the afternoon was piano music of old-time favorites played by Arlene Brown, Arlene Walker and Mary Valentine. Aiden Kennett provided demonstrations of peg making and granite cutting. Grace Buck demonstrated the old craft of huck weaving and Helen Morton sketched in the upper hall. Traditional birthday cake made by Diane Howe and strawberry punch were enjoyed by those attending.

MEMORIAL DAY OBSERVED
BY MEMBERS OF
JACKSON-SILVER POST & UNIT

Memorial Day 1982 was busy one for the members of Jackson-Silver Post and Unit #68, Locke Mills.

Commander Charlie Mason is hospitalized at Togus and was unable to be present, but his family carried on in a way that would have made him proud and happy. His daughter, Miss Melissa, led the parade riding on her Palomino, and Miss Poppy, Jennifer Lynn Mason, his granddaughter, marched with President Sylvia Dunham and Past Commander Eldon Bartlett, who will be June graduates of local schools, into the delayed entry program.

In spite of the fog and mist the Telstar marching band, directed by Jerry Hefley, was on hand at 9 a. m. to play for the marching.

They stopped at the Honor Roll for the prayer by Chaplain Cleaveland Lovejoy; the Poppy Award presentations by Chairman Vera Cross; band music and the laying of the wreath by President Sylvia Dunham. World War I veteran Alanson Cummings escorted Chaplain Fannie Cummings to the bridge to drop a spray on the water for the men lost at sea.

Steve Seames gave a short history of the Common and made note of the live Christmas tree that has been donated to the town. State Historian of the American Legion Auxiliary, Jeri Brooks, of Bethel, gave the fine Memorial Day address.

In the line of march were the Daughters of Union Veterans, Bryant Pond, with their colorful American flags; Boy Scouts, Cub Scouts and Brownies; veterans of four wars, and many children, with their small flags. Coffee and a light lunch was served at Steve Seames'.

Some members went to East Bethel for a brief ceremony, and then to Bethel to participate in their parade.

In the afternoon it was Bryant Pond and on to Andover for the 3 p. m. parade.

The American Legion is grateful to those who gave up other activities to help in this all-important event, that is a fine example to the youngsters.

The Board of Selectmen will hold

their next meeting on Monday, June 7, in the Bethel Savings Bank

meeting room to review bids for

the motor grader.

After careful surveying and ex-

tensive testing two Bethel sites

received DEP certification early

this year to receive the sludge.

A 15 acre pasture on the John Coolidge farm and a small two acre

section of the Town Farm met all

standards and statutory criteria

for approval. Last week an agree-

ment was signed between the

Town and Mr. Coolidge that states

the procedures to be followed when

spreading sludge and references

safety precautions and testing re-

quirements. Currently bids are be-

ing solicited from potential local

haulers.

The implementation of this pro-

gram enables Bethel to exceed by

three years the goal established

in 1972 amendment to the Fed-

eral Water Pollution Control Act

of "zero" discharge of pollutants

into navigable waters by 1985.

Bethel will be joining a handful

of the largest communities in the

state using sludge for agricultural

and environmental benefit. De-

mand for sludge at one of these

sites last year was so high that

the price of treated material

reached \$3 a cubic yard. Present-

ly, our town entertains no plans

to charge for sludge. However,

some questions remain concerning

the potential for human health

problems and odor.

Sludge is largely biological ma-

terial produced during the treat-

ment of sewage wastewater while

odor generation is usually the re-

sult of rapid decomposition of or-

ganic matter. As it is treated,

wastewater passes through sedi-

mentation tanks to allow solids,

called sludge, to settle out. Sludge

then undergoes additional treat-

ment that stabilizes it to control

its decomposition and reduces di-

sease-causing organisms.

For our protection, the sludge

will undergo additional chemical

treatment on the land spreading

sites. Lime will be mixed with

the material to further stabilize it

and kill more pathogens. In ad-

dition, fields in this program are

dedicated to producing hay and sil-

age corn for farm animals; no

crops for human consumption will

be harvested on these sites. Prop-

er treatment and application are

expected to neutralize odor-caus-

ing problems.

Residents desiring further infor-

mation should contact David Bart-

lett at the Bethel Waste Treatment

Plant or by phone, 824-2105.

NEWS FROM ADULT AND COMMUNITY EDUCATION

The SAD 44 Adult and Community Education program has concluded its primary activities for the 1981-82 school year, with the recent Learning Fair, graduation and the final meetings of nearly all the classes. The program, however, does not conclude with these activities, as the summer months are devoted to planning for the 1982-83 year. The SAD 44 Adult and Community Education Advisory Council met on May 18 to begin the process of planning for the Fall 1982 term. Several new courses have been suggested and subcommittees designated to work on the MONEY SERIES and the recreational programming. All Council members are completing planning questionnaires, which will further direct the planning process. Any individual who would like to suggest a course or workshop should contact Cathy Newell, Director of Adult and Community Education, 824-2136. As in the past, courses will be offered for adult high school credit, in skill and vocational areas, and for general enrichment. Courses are offered in a variety of lengths, from 1 week to 15 weeks. It is expected that fall term courses will begin in mid-September.

Adult and Community Education programs are often perceived by people unfamiliar with the concept as totally removed from the traditional public school programs aimed at the K-12 population. Actually, adult and community education is linked with the "day school" in many ways. The high school drop out or the adult who never attended high school has the opportunity to earn a diploma, and the high school diploma enrichment program offers teachers who are regularly employed in the high school the opportunity to try out new courses and teaching styles, which may then appear in day programs. The popular Aerobic dance classes have produced a "spin-off" in the physical education classes at Telstar for students who need exercise but who are not enthusiastic about traditional physical education offerings. The use of the solar greenhouse began in the adult education program, and was then picked up by the Special Education program at Telstar; and the courses in solar energy have given Telstar faculty members experience which later appeared in their day school classrooms. During the past year, Adult and Community Education Director Cathy Newell was able to suggest appropriate community resource people to participate in the arts enrichment program at Ethel Bisbee School, and to serve at Literacy Volunteers at Telstar. In January Telstar faculty members Ann Holt and Ted Davis were selected to attend a national conference on competency-based learning as the result of their participation in the SAD 44 Adult and Community Education program. It is facts like these that have led many adult and community education programs to identify with the phrase, "Adult Education doesn't cost-it PAYS." The payoff comes in many ways; through individual learning of a skill, through increased community use and support of the schools, by fostering a sense of community through a shared learning experience, and through spin-offs for the K-12 population.

YOUTH FELLOWSHIP ENJOYS
OVERNIGHT CANOE TRIP

The Youth Fellowship of the West Parish Congregational Church enjoyed an overnight canoe trip on the Saco River the week end of May 22, as it culminating activity of a busy year. Twenty-seven youths and seven adults in 16 canoes, filled the river with excitement as they paddled seven miles from McSherry's Nursery in Conway to the AMC campground at Swan's Falls in Fryeburg on Saturday afternoon. Everyone enjoyed the campout with the opportunities for open fire cooking, fishing, campfire songs and fellowship. On Sunday the group broke camp and paddled another 11 miles to the Route 302 bridge take-out. The second day of the trip gave rise to many individual canoeing styles; one boat tried to set a trend by paddling backwards; another enjoyed a spell of being towed; two boats rafted together,

attracting others toward the center of the formation; one provided music while others zig-zagged to check-out the banks. A lunch stop on a beach was enjoyed by all including the overly-friendly mosquitoes. A tired but happy group arrived back in Bethel late Sunday afternoon with fond memories and strains of campfire songs riding their heads.

With its year coming to a close, the fellowship has chosen to contribute to Heifer Project International as the mission outreach project. Through the group's monthly pledges, contributions, paper drive, car wash and church school offering, \$225 has been raised and will be sent to purchase a milking goat and flock of ducks for a needy mission farmer somewhere in the world.

The Fellowship will meet again on Christian Education Sunday, June 6, at 9:15 a.m. for breakfast at the church. The group will attend the regular worship service together at 10:30 a.m.

WOODSTOCK SCHOOL ARTS FESTIVAL HELD MAY 27

The Woodstock Elementary School Arts Festival was a fantastic combination of music, dance, mime, painting and pottery. Every student participated with both a demonstration on the center stage and art work on the visual displays surrounding the central theatre. The presentation, held on Thursday evening, May 27, in the gymnasium, was interspersed with five minute viewing times, so all could see the slide demonstrations as well as the central performances. Approximately 100 parents and friends attended the evening, along with all students in the school.

Mrs. Pamela Berry coordinated the events. She was delighted with the turnout. Everyone gave tremendous and the show was a great success.

The student assistants from the 6th grade were of great help, both with the planning and with the evening of the show. They are Tina Cushman, Beth Hall, Michele Johnson, Holly Roberts and Angela Sawyer. The Master of Ceremonies was Delwin Wilson, who did a fantastic job. Jenny Martin was the timing clown—announcing with cymbals when the crowd should expect another performance time.

The following people gave of their time to make the first ever Arts Festival what it was. Jean Bass of Bethel taught weaving; Kathy Bennett of Bethel, taught painting and chalk; Jane Chandler taught photography; Ray Corrin demonstrated pottery; Sue Farrar taught dance; Joan Hamer taught the quilt for media; Sandra Greenleaf and Nathan Wight taught silk-screening; Jon Owen and Tim Kersey, John Schachner and Lawrence Smith videotaped the entire show. And Groan and McGurn

and fun. They are the Archie and Edith Bunker of the B.E.A.R.S. When it comes to patient care and comfort they are very serious and capable. It's a real pleasure to have Arnie and Mary around and the B.E.A.R.S. hope they stay with them for a long time to come. They both enjoy camping and gardening.

Safety Tip of the Week

Summer time means road repairing time. Be aware of all signs and obey them. Watch for flag persons, etc. Be patient. Drive with care. These people are making improvements for us to enjoy later.

ANNUAL MEETING

continued from Page One
E. Searles, William F. Winslow of Harrison, and William H. Gibson, Hugo A. Heidlinen, Kenneth Poland of West Paris.

Membership to the Board of Trustees was set at eight for the ensuing year with the present incumbents to continue to serve—Norris T. Brown, Gordon M. Gillies, Philip C. Jackson, Ronald C. Kendall, E. Louise Lincoln, John W. Trainward, Edmond J. Vachon and Stephen W. Wight.

The banquet that followed the business meeting was served to the largest number of delegates and guests from Bethel, Harrison and West Paris, where the Bank maintains offices, ever to attend such an event.

The program that followed featured James "Jim" Delamater, President of the Bank, who prefaced his remarks by introducing each member of his organization to the audience. He praised them highly for their effort and dedication in realizing for the Bank one of the most productive years in its history. This is in direct contrast to the financial difficulties experienced by the vast majority of thrift institutions in the country which sustained serious losses over the past several months due to unfavorable economic conditions.

The President outlined the continuing and added new services of the Bank which in large measure contributed to the successful year and emphasized that the future will enlarge on these as legislation enables banking institutions to expand service offerings. On this point, he emphasized the primary objective of the bank is to provide service in all areas of financial planning and daily needs and reminded his audience that they are the bank. As for the future, he expressed confidence in a continued independent operation which can be accomplished by a flexibility to adapt to changing times and conditions, and by the cooperation of all involved to that end.

On a lighter vein, the audience was then treated to the music and humorous anecdotes of Joe Perham whose very special gift of personifying neighbors, relatives, friends and acquaintances in special situations and events provided an entertaining conclusion to the evening. The setting to Joe's stories identified his subjects and the settings were well known to everyone present which added to the hilarity of the incident. It was a fitting conclusion to an evening of serious business, good food, sociality and entertainment.

Following the annual meeting of Corporators, the Trustees elected
